## Student Remote Declaration

I request exemption from the COVID-19 vaccine requirement because I am a fully remote student. I understand that being a fully remote student means that I will not engage in any hybrid, on-campus or in-person learning or work, nor will I come to Evergreen-managed sites or campuses for resources, conferences, meetings, housing, sports or activities. If my remote status changes before the expiration of this remote exemption, or if I have to access campus or participate in any in-person activity, I pledge to submit my fully vaccinated status or an approved medical or religious COVID-19 vaccine exemption before I engage in that activity.
