

**End-of-Program Review 2019-20**  
**Path of Study**

Is this program part of a path of study?

	Frequency	Percent
<b>Yes</b>	87	<b>75%</b>
No	29	25%
Missing	1	
Total	117	

If yes, which path(s) (*Check all that apply*)

Path of study	Frequency	Percentage
Culture, Text and Language in World Societies	21	18.1%
Environmental Studies	19	16.4%
Native American and Indigenous Programs	16	13.8%
Humanities: Culture, text, and Language (EWS)	9	7.8%
Integrated Biology and Chemistry	9	7.8%
Literary Arts	9	7.8%
Political Economy, Global Studies, and Environmental Justice	9	7.8%
Mathematical, Physical, and Computer Sciences	6	5.2%
Psychology, Sociology, and Social Services (EWS)	6	5.2%
Visual Arts	5	4.3%
Food and Agriculture	5	4.3%
Latinx, Latin American Studies, and ELL Education (El Camino)	5	4.3%
Media Arts and Studies	5	4.3%
Work: Business, Entrepreneurship, Labor, and Management (EWS)	3	2.6%

How does your program fit in the curriculum?

Program title	Program type	Comments
Justice at Work: Labor, Civil Rights, Immigration and the Law	AL	Well, we would have been on the Work pathway had their been one. It is an EWS offering that builds on our students' work experience
The Art of Acting: Integrity, Eloquence, Empathy	AL	There is very limited performing arts curriculum left, but it's important to have SOME.
Social Psychology	AL	Social psychology is a sub-discipline of psychology
Matter and Motion	AL	Offers introductory math and physical science curriculum to prepare students for advanced level work in mathematics, physical and natural sciences, and computer science. In Path language, this is a "foundational" program. It would be the first class in the major for STEM students at a traditional institution.
Making Change: Social Entrepreneurship and the Public Good	AL	Learning about Entrepreneurship and Management
Gender and Performance	AL	It's attempting to serve students interested in both theater and gender studies
So You Want to be a Psychologist	AL	It provides psychology credits
State & Local Government: Community, Communication, and Change	AL	It is an EWS offering with a political science and communication focus
Thinking Clearly in Difficult Times	AL	It is a foundational program, focused on developing some core academic skills.
General Biology: Cells, Populations and Ecosystems	AL	It is a foundational course for upper division work in the sciences.

Computing and Music	AL	Introductory level for computer science
Computer Science Foundations	AL	Introductory level for computer science
The Dyer's Art: Understanding, Creating, and Growing Color	AL	Interdivisional Studies (Art, Science, Culture)
Clones and Mutants: Genetics and Photography	AL	Interdisciplinary studies
Quantum Facts and Mysteries	AL	Interdisciplinary science (gen ed level) and philosophy
Arts of Urgency: Latin American Film and Literature	AL	Interarea program
Learning Education Schooling	AL	Hum?? It provided a study of education of interest to students.
Business Fundamentals: Communication and Collaboration	AL	Full-time day
Marketing with GIS	AL	Full-time day
Introduction to Environmental Studies	AL	Foundations of interdisciplinary (social & natural sciences plus some humanities) approaches to human-environment interactions
Music & Mythology	AL	Foundational
Animating the Sea: Motion, Light and Eyes	AL	Exploratory level work
Computers and Cognition	AL	EWS elective program
Integrated natural Science	AL	Essential prerequisite material for lab and field science
Practice of Organic Farming: Culture and Agriculture	AL	Core course and goes every year
The Social Animal	AL	All level introductory to mid-level psychology program
Studio Projects in Interdisciplinary Art: Material Gestures in a Shared Space	LD	We taught the repeating foundational visual arts program
Irrepressible Bodies: Hope, Health, and Resilience in a Turbulent World	LD	Foundational, interdisciplinary exploration of science and social science.
Gender History: Europe and America 1650-1850	LD	Lower division CTLWS program
Gender History: Medieval and Early Modern Europe	LD	Intensive introduction to history and gender studies for first-year and sophomore students
Diversity & Dissent in Education & the Media	LD	Education, media studies, culture, gender & language studies
Student Originated Studies: Music	SOSR	Upper Level
Flight of the Firebird: What Ignites Russia's Imagination in Literature and Culture	SOSR	This program integrates the study of humanities--literature/art/film/dance--with the study of history in Russia.
Embodying the Book: Studies in Literature and Performance	SOSR	This program has helped provide a rich educational experience of literature for students in EWS.
The Feminine Imaginary and Ancient Greece: Sappho, Medea, and Cassandra	SOSR	This is confusing. Upper division/ upper level?
Medicine is a Social Science: Disease, Health and Health Care	SOSR	This is an EWS program. Since EWS does not officially have separate paths of study yet, it fits well with Health and Psychology
Atoms, Molecules, and Reactions	SOSR	Senior level program for chemistry students and others interested in this content (physics, geology, and biology students)
French Language, Arts, & Culture: Dark Romantics	SOSR	Repeating study abroad
Botany	SOSR	Provides introductory instruction in plant science
Intermediate Macroeconomics	SOSR	Provides intermediate work in the area of political economy and neoclassical economics.
Undergraduate Research in Scientific Inquiry with J. Neitzel.	SOSR	Provides capstone research experience
Outdoor Leadership and Group Dynamics	SOSR	Outdoor leadership is a strong area of interest for students
Broke: Poverty in the U.S. Today	SOSR	Our theme and disciplines of sociology, poetry and poverty studies fit in the above path.
Undergraduate Research with L. McKinstry	SOSR	Offers HIP of hands-on science research as a culminating experience for advanced science students
Student-Originated Studies: Taking Action in Our Communities (CCBLA)	SOSR	Offered program work in community studies plus a range of internship and independent project possibilities
Mediaworks: Experimental and Documentary Approaches to the Moving Image	SOSR	It's a foundations program in our path.
Research Capstone in Psychology	SOSR	It's a Capstone for the Psychology pathway

Monsters: A Literary and Cultural Exploration	SOSR	It provides students with the chance to read classic and contemporary literature indepth, to consider a philosophical theme (the nature of monsters, evil and human fear) in historical and cultural contexts, to explore connections wit other media (film, theater, comics, etc.), and to strengthen college-level skills in reading, writing, speaking, and working collaboratevely.
Gateways for Incarcerated Youth	SOSR	It is housed within the CCBLA and offers students an opportunity to do experiential service learning.
Highway 101 Revisited: History, Literature, Music, and Ecology	SOSR	It is a upper-level program that introduces students, at a foundational level, to ecology, ecomusicology, and American studies.
From the Ground Up: Writing Natural History	SOSR	It combines environmental studies, botany and literary arts
The Social Science of Well-Being	SOSR	Introductory and intermediate social sciences
Indigenous People and the Pacific World	SOSR	Intermediate to Advanced
Critical Vision: Biology and Art	SOSR	Interdisciplinary, introductory instruction, so-srs
Literary Arts Foundation: Texts & Contexts	SOSR	Foundations program in Literary Arts
The Western Film Genre and the American Frontier Myth	SOSR	Film Studies, American Studies and American History
Snow Ecology	SOSR	Entry-level program
The Biology of Living Systems	SOSR	Delivers core subject material for students to achieve BS degree as they focus on Biology
Student-Originated Studies: Community Resilience	SOSR	Community-based engaement through CCBLA internships and independant study
Team Entrepreneurship and Sustainable Energy Changemaker Lab	SOSR	Business and Entrepreneurship studies
Plants and People	SOSR	Builds expository writing and library research skills. It involves plant
Experimental Responses: Climate Change, Science and Art	SOSR	Broadly multidisciplinary team-taught exploratory/introductory work
Flaming Eggplant: Cooperative Food Business Management	SOSR	An advanced offering in applied cooperative food development.
Student-Originated Studies: Food and Agriculture	SOSR	Advanced work
Mathematical Systems	SOSR	Advanced mathematics
Ecological Dynamics	SOSR	Advanced coursework in Ecology and Mathematics, but also foundational
Student Originated Software	SOSR	Advanced computer science
Abnormal in a Normalized World: Psychopathology and Treatment Interventions	UD	We offer 16 credits in various areas of psychology
Social Science Approaches to Solving Environmental Problems	UD	Upper-division environmental social science
Washington State Legislative Internships	UD	Upper division internship
Student-Originated Studies (SOS): Biology of Sharks and Rays	UD	This is an advanced program in the Organismal Biology thread of the ES Path
Psychology: Making change happen-	UD	Psychology/Social Sciences
Competency: The Road to an Excellent Helping Professional	UD	Meeting upper division psych requirements
Media Artists Studio	UD	Media Artists Studio was the advanced program in Media Arts and Studies for 2019-2020
Undergraduate Research with A. Styring	UD	It provides capstone opportunities as well as research opportunities for students who have completed foundational math and science.
Field Ecology	UD	It provides advanced experience as well as capstone experience to students interested in ecology
Student-Originated Studies: Critical Theory + Critical Practice	UD	Gives advanced students in the humanities a learning community in which to do independent inquiry + capstone work
Early Childhood Learning	UD	Education and psychology
Advanced Writing: Capstone in Literary Arts and the Humanities	UD	Capstone
Ireland in History and Memory	UD	As a cultural study program with study abroad and language
Computer Science Internships	UD	Advanced computer science
Advanced Research with Przybylowicz	UD	Advanced capstone experience
SOS: Music Performance & Production	UD	Advanced (upper division) Capstone Project
