Aquatics Forums Feedback Results

Theme and Frequency Summary

The below themes and frequency were identified from the three forums conducted during winter and spring of 2019. They have been edited to include submissions on paper, in addition to removing responses to the wrong question. Raw data is available upon request.

Response Format: All responses were open-ended using notecards and PollEverywhere

Response Analysis: After identifying common themes, the occurrence of each theme was tallied. These themes and their frequency are noted below

Respondents:
- Community Forum: 30 attendees
- Faculty Staff Forum: 2 attendees (not on steering committee) -- the online tool was not used due to low numbers, but responses are included
- Student Forum: 8 attendees

![Bar chart showing feelings about Evergreen Aquatics]
