

## The Outdoor Program Trip Fee Reduction Request

The funding for this application comes from the Clean Energy Committee (CEC) with the purpose to expand access to the outdoors and spread wilderness conservation ethics. The CEC has agreed to aid our cause in lowering trip fees in order to create more accessible trips for all. Each student may only apply once per quarter for the trip reduction and Choose between 25%, 50%, or 75% reduction of requested trip. Hope you enjoy your trip!
