

**The Evergreen State College
Evergreen New Student Survey 2007**

Tacoma Program

Gender

New students were asked to indicate their gender. While students designate their gender on college applications, the college application requires students to indicate their gender as either "female" or "male." This survey question gave survey respondents the additional choice of "other." No Tacoma respondents selected this option.

How do you identify yourself?

	Tacoma Students (N=50)
