Parents' Income

New students were asked to give a best estimate of their parent or parents' total income last year. Almost 70% of first-time, first-years and 56.4% of transfer students provided an estimate. Slightly more than one quarter of first-time, first-years indicated they didn't know and 3.4% indicated "Neither of my parents claim me as a dependent." Almost 10% of transfer students indicated they didn't know, and 34.4% indicated "Neither of my parents claim me as a dependent."

What is your best estimate of your parent or parents' total income last year? (Consider income from all sources before taxes.)
