

**The Evergreen State College**  
**Evergreen New Student Survey 2012**  
*Olympia Campus - Transfer students*

Do you plan to focus on a particular field or fields of study at Evergreen? If yes, please describe the primary field or fields of study you plan to focus on.

A total of 270 transfer students (82% of survey respondents) indicated they planned to focus on a particular field or fields of study at Evergreen. Responses were sorted in order of frequency for students indicating interest in 1, 2, or 3 primary field(s) of study.

**Transfer students indicating primary field(s) of study**  
**Fields of Study Categorized into Division (Mutually Exclusive Categories)**

I am doing the upside downside program so i will be taking around 32 credits of political science and then the rest computer science which is related to my technical degree.

I am going to focus on Biology, with interdisciplinary integration with Chemistry and math.

marine bio

Marine Science, Environmental Science

math

---

**Sciences only (continued)**

---

Mathematics  
mathematics and physics  
Microbiology, specifically zymology (the study of yeast used in fermentation)  
My plan is to focus on Mathematics and Physics.  
Mycology  
Physics and Calculus, Science  
Pre-Med track  
pre-med, biology, chem, etc  
Science, possibly Environmental Studies  
Sciences, Biology  
Sustainability in something (water management; maybe)  
Sustainable Agriculture  
Sustainable agriculture  
Sustainable agriculture  
Sustainable Agriculture  
Sustainable Agriculture, Environmental studies  
The primary field of study that I plan on focusing on during my time at the Evergreen State College is environmental biology. I also plan on focusing on marine ecology.

---

**Arts and Humanities****Number = 6; Percent = 2.2%**

---

Theater and English  
Music, Spiritual and Religious Philosophy  
Music & Creative writing. Possibly design as well.  
Fine Arts, Philosophy, and Literature.  
I will be focusing mostly on writing and film.  
Art Theory and Philosophy

---

**Arts and Social Sciences****Number = 10; Percent = 3.7%**

---

Theater and Psychology  
Psychology, Marketing (Advertising), and some art on the side.  
psychology, printmaking  
Music, Cultural Studies, Pycology. [sic]  
Music and Business.  
I am focusing on psychology and art  
I want to go into secondary education, specializing in Art. So I plan on getting my Bachelor of Arts and then  
Design/metal/jewelry & sociology  
Art, Education, Art History  
Anthropology and Visual Arts

---

 **Arts and Sciences****Number = 7; Percent = 2.6%**

I intend on focusing in natural science, but I am also interested in music, and none of my decisions are concrete

Art + Science

Health and Arts

I would like to primary study things involving or closely related to zoology and music as both are my biggest interest. Hopefully taking some classes that also involve art as well.

Naturopathy and dance

Art, Environmental Studies

Computer Science, specifically game design.

 **Humanities and Social Sciences****Number = 20; Percent = 7.3%**

Writing and education

The fields of studies that I plan on focusing on at Evergreen State are as follows: Business (Economics & Management) Political Science Communications Women Studies The list of planned studies above are highly relevant to my future entrepreneur projects

Spanish, Anthropology

Sociology, Psychology, Writing, Business

Sociology, activism, history

Sociolinguistics Anthropology

Right now I am most excited about broadening my understanding of the humanities, woman's studies, community studies, and political science.

Psychology English

Native American Studies, Sociology

Law and government policy, Russian, and international affairs.

Indian Studies for help with Psychology Degree

I plan to focus on Social Work and Religious studies while at Evergreen with a goal of a bachelor's degree with a minor after using the Writing From Life and Prior Learning Experience classes to turn 30 years of work experience in the social services and [message truncated]

i plan to focus on history as well as political science and american studies.

gender and queer studies, and creative writing

English Literature, cultural studies

Education, cultural studies and spanish.

Education and English.

Creative writing, journalism, sociology

Archeology and Anthropology

Anthropology, Women's Studies, Race Studies
